NOTICE OF CLASS ACTION AND PROPOSED SETTLEMENT IN **ZIDEK v. ANALGESIC HEALTHCARE INC.,** (N.D. Ill. 13-C-7742)

TO: All persons and entities with facsimile numbers that during the Class Period (October 29, 2009, through and including December 15, 2014), were sent one or more facsimile communications by, from or at the direction of Analgesic Healthcare Inc. ("AHC") and/or John Does 1-10: (i) that did not contain Personal Health Information of any person, and (ii) regardless of whether they contained an opt-out notice as described in 47 U.S.C. § 227 and/or regulations promulgated to implement the TCPA (the "Settlement Class").

Personal Health Information means information that (i) is created, maintained or received by any health care provider, health care plan, employer, medical device manufacturer or supplier, or health clearinghouse, and (ii) relates to the past, present, or future physical or mental health or condition of any individual, the provision of health care (including without limitation any medical device), or the past, present or future payment for the provision of healthcare (including without limitation any medical device) to any individual.

This notice relates to the settlement of a class action lawsuit that stems from allegations by the named Plaintiffs that Analgesic Healthcare Inc. ("AHC") and John Does 1-10 sent unsolicited advertisements by fax in violation of the Telephone Consumer Protection Act, Illinois Consumer Fraud Act and Illinois common law (conversion, private nuisance, and trespass to chattels). Such claims have been expressly denied by Defendants; however, a settlement has been reached between the Parties to this Litigation.

If you were sent one or more facsimile communications by, from or at the direction of AHC and/or John Does 1-10 that did not contain Personal Health Information of any person, and regardless of whether they contained an opt out notice as described in 47 U.S.C. § 227, your rights may be affected by the proposed settlement of this class action lawsuit. You may be entitled to money. Settlement shares will be based on the number of faxes AHC's records indicate were sent to each Settlement Class Member. If AHC's records do not indicate how many faxes were sent to a Settlement Class Member, then the Settlement Class Member will be entitled to a single Settlement Share per unique fax number. Settlement Class Members may submit proof or other information to show the number of faxes they were sent if AHC's records do not indicate the number of faxes they were sent. This notice is intended only as a summary of the lawsuit and proposed settlement. It is not a complete statement of the lawsuit or the proposed settlement. The Settlement Agreement is available on www.class-settlement.com/analgesic, from Settlement Class Counsel at www.edcombs.com, or at the Clerk's Office, U.S. District Court for the Northern District of Illinois, 219 S. Dearborn St., Chicago, IL 60604. To submit a claim, go to www.class-settlement.com/analgesic and complete a claim form by June 15, 2015. The deadline to opt out of or object to the settlement is June 15, 2015. The hearing to approve the settlement will be held on July 28, 2015 at 9:00 a.m. before Judge Leinenweber, Courtroom 1941 of the U.S. District Court for the Northern District of Illinois. If you have questions about this notice or the proposed settlement, you may contact Settlement Class Counsel at EDELMAN, COMBS, LATTURNER & GOODWIN, LLC, 20 S. Clark St., Suite 1500, Chicago, IL 60603 (312) 739-4200.
